**BACKGROUND**

In response to a competitive grant opportunity, the Children's System of Care (CSOC) and its partners were invited by the Placer County Sheriff's Office approximately seven years ago to deliver trauma informed prevention and early intervention services, which have effectively served some 250 families each year.

Law enforcement officers are often the first to encounter families experiencing a host of life challenges, including substance abuse services, domestic violence and caregiver strain, all of which can cause trauma to those involved. SNA and LLC, as partners working with CSOC, have been delivering substance abuse, counseling, group therapy and community-based in-home supports to youth and families supported in part by these grant-funded dollars. These contract amendments are being requested to add unspent grant dollars and extend the contract time.
